

MY WEEK IN CROATIA

STEFANIA

What did you know?

- I knew Croatia has many friendly and kind people.
- Croatia is a beautiful country and it has many amazing places.
- It has mountain and sea.
- I knew it has beautiful traditions.

What did you see, hear, do?

- In first day, we visited the school, which it was amazing, because we did many activities and met many beautiful people.
- In second day I saw the Plitvice lakes, a national park: it has smaller and larger crystal blue-green lakes and waterfalls.
- In third day we were at the nature park Medvednica-Zrinski mine: this place has many irregularities such as underground corridors, cuts, tailings, roads and it gave you some good feelings.
- In fourth day we had a trip at a Geopark Papuk: there are many parts of the park that are protected due to their unusual features that make them a unique country.
- In fifth day we visited the school again and we did many great memories.

What did you learn?

- Now I know how to make a lot of friends.
- I learned how to be more brave.
- I learned many things at the biology, geography .
- We learned about the other countries.

What will you remember?

- I will remember the view.
- I will remember people who were kind with us.
- And I will remember the great moments when we were together.

IT WAS THE BEST
WEEK !

Thank you for all!!
